Your AdPropix subscription covers the platform, creative and reporting only. **Media spend is separate**, billed by Google and Microsoft direct to the card on file, and is what funds delivery. AdPropix never marks up, holds or re-bills media spend - 100% of the budget goes to the ad platform.

For Vendor Paid Marketing: collect the agreed ad budget from the vendor up front per your trust account or VPM agreement, then fund the platform billing account. Disclose to your vendor that funds are paid to the ad platforms (not as agency margin), and that results depend on budget, location and market conditions. Recommended minimum AUD \$30/day per campaign. All spend and results report live in the dashboard.
